

Mix Solvent

K-Supply

K-Supply Mix Solvent is an efficient cleaner for H-UV, H-UV-L and mixed applications. It removes conventional and H-UV(-L) ink quickly and thoroughly from hybrid rubber blankets and cylinders, as well as of EPDM substrates.

The Mix Solvent has been tried and tested at the Komori Graphic Centre Europe, is highly effective and suitable for all conventional and H-UV/H-UV-L printing presses.

Benefits

- Low in odour.
- Free of Butylglycol solution.
- No content of chlorinated hydrocarbons and/or aromatic compounds.
- Compatible with alcohol and water in all mixing ratios.
- Inhibits corrosion.

Directions for Use:

For details, please refer to the safety data sheet.

Specifications

Product name	K-Supply Mix Solvent
Application	Cleaner for H-UV, H-UV-L and mixed applications. Suitable for EPDM substrates too.
Properties	Colour: Colourless Density: approx. 0,960 g/cm ³ Flash point: 93°C Use within 12 months.
Packaging	20 Kg Can
