

Coating Cleaner

K-Supply

K-Supply Coating Cleaner is a water mixable cleaner for coater blankets and anilox rollers. This product, tried and tested at the Komori Graphic Center-Europe, is highly effective and suitable for all printing presses.

Benefits

- Strong and powerful solvent.
- Water compatible.

Directions

Use a clean cloth with Coating Cleaner to remove coating and watersoluble residues from the coater blanket or anilox roller.

Finish the cleaning process with a clean damp cloth.

We recommend wearing protective gloves and safety glasses while working with this product.

The pipe systems and pumps of coating units can be flushed with Coating Cleaner to a 1:10 dilution ratio. After flushing with Coating Cleaner, flush thoroughly with water.
