

# Fluid Grease

## K-Supply

K-Supply Fluid Grease NLGI 00 is a special high-performance gear grease (semi-liquid lithium soap) with excellent resistance to oxidation. It has a high load-carrying capacity and excellent sliding friction behaviour.

This product which has been tested and approved at the Komori Graphic Center-Europe is a premium product, well conveyed in central lubrication systems.

### Benefits

- For gears under heavy work load.
- Outstanding slide friction behaviour.

### Directions

Storage conditions are 15 - 25°C.

Keep away from sources of ignition.

Suitable packaging; only to be kept in original packaging.

For safety measurements, use hand and eye protection and wear protective clothing.

### Specifications

Product name	K-Supply Fluid Grease	
Characterisation	GP00H-20	DIN 51 825
Chemical composition	Mineral oil, lithium soap, additives.	
NLGI Class	00	
Base oil viscosity at 40°C	145 mm <sup>2</sup> /s	DIN ISO 3448
Shel 4-ball test Welding load	2800N	DIN 51 350-4
Iron corrosion	0- no corrosion	
Packaging	2 Kg Bag 6 x 2 Kg Bag per Box	

 **Directions for Use:**  
For details, please refer to the safety data sheet.
