

Wash Cloth PREPAC® UV & conventional Baldwin®

K-Supply

The K-Supply Wash Cloth PREPAC® improves your cleaning performance reduce your maintenance cost, waste, chemicals usage and manual handling.

The PREPAC® offers an increased production time by faster cleaning and shorter make ready time. PREPAC® is ECO friendly as you get rid of all solvent handling and get a VOC-free product. PREPAC® comes as "All-in-One" with process know-how.

Reduced wash time

The increased clean ability with the new cleaning agent reduces the wash program up to 25% leading to more production time and less roll changes.

Reduced wasted sheets

Dryer blankets after wash reduces the number of wasted sheets up to 25%!
